

# If You Made a Million

**Materials:** If You Made a Million, David M. Schwartz, coins, rulers

---

1. After listening to the story 'If You Made a Million,' work with a partner to solve the following problems:

Which would have more money:

- a) a stack of pennies that is 1 inch tall or a row of pennies that is 1 foot long?
  - b) a stack of nickels that is 1 inch tall or a row of nickels that is 1 foot long?
  - c) a stack of dimes that is 1 inch tall or a row of dimes that is 1 foot long?
2. Record your findings in a table and write about what you notice.

	1 inch stack	1 foot row
Pennies		
Nickels		
Dimes
