Symmetrical Coin Design

Materials: assorted coins, rulers, pencils, paper

1. Using a ruler draw a line down the center of your page. Label the two sections Side A and Side B.

2. Use coins to make a design on Side A of your page. What is the total value of the coins on Side A?

3. Place coins on Side B to make a symmetrical design.

4. What is the total value of your design? Explain your thinking.
