

Coin Scoop

Materials: plastic spoons, paper cups containing mixed sets of dimes, nickels and pennies

1. Take a scoop of dimes, nickels, and pennies from your cup. Sort the coins and arrange them from greatest to least value.
2. Draw a quick picture showing the coins you scooped.
3. Figure out the total value of the coins.
4. Record how many of each type of coin you scooped and the total value.

5. Repeat 5 times.

10 20 25 30 35 36 37 38 39
