

Comparing Towers

Materials: paper cups with different numbers of snap cubes

1. Work with a partner. Choose a cup of snap cubes each.
2. Join the snap cubes to make a tower.
3. Compare your towers. Whose tower is taller? Whose is shorter?
4. Use pictures, numbers, or words to show your work.
5. Repeat with two different cups of cubes.

My tower has ___ cubes. It is shorter than your tower.

My tower has ___ cubes. It is taller than your tower.

My tower has ____ cubes. It
is taller than your tower.

My tower has ____ cubes. It
is taller than your tower.

My tower has ____ cubes. It
is shorter than your tower.

My tower has ____ cubes. It
is shorter than your tower.
