

Coordinate Grid Tangram

Materials: 4 x 4 square grid paper template, rulers

1. Mark points at the following coordinates on the 4x4 square grid:

(0,0), (0,4), (1,1), (2,0), (3,1), (3,3), (4,2), (4,4)

2. Connect the following points with a line segment to create a tangram set:

(0,0) and (4,4)

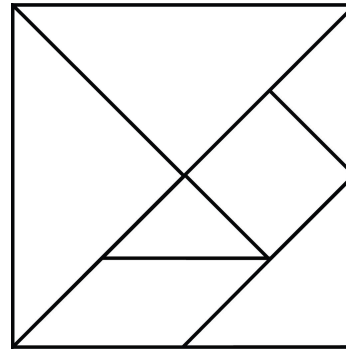

(0,4) and (3,1)

(2,0) and (4,2)

(1,1) and (3,1)

(0,0) and (2,0)

(4,2) and (3,3)

3. Cut out the tangram pieces and create an animal or object using all seven pieces.
