Materials: Count On One board, 10 counters per player, numeral cards 10-15 (2 of each)

1. Work with a partner. Collect 10 counters each.
2. Take turns to turn over a card and **count on one** from the number shown. Cover this number on the board with a counter.
3. Read the sentence frame. Write the addition fact.
4. Keep taking turns until one player has placed all ten counters on the board.

One more
than __ is __.
