

Counting Collections

Materials: Ziplock bags of 20 – 100 objects, paper cups, bowls, ten frames for organizing count

1. Work with a partner. Choose a collection and decide if you will count the objects by twos, fives or tens.
2. Group the objects. Skip count to find out how many in all.

3. Record. Show how you used skip counting to count the collection.
4. Write a sentence to tell how many objects you counted in all.

We counted

5. Group the objects in a different way and record your count.

Counting Collections

Counting Partners: _____

We counted: _____
