

Hide the Cubes

Materials: snap cubes

1. Partner A: Hide a stick of 10 snap cubes behind your back and break it into two sections. Show one section to your partner and ask, “How many cubes are behind my back?”
2. Partner B: Tell how many snap cubes are missing.
Partner A: Check to see if your partner is correct.
3. Partner B: Take a turn to hide the stick of snap cubes behind your back and break it into two sections.
4. Keep taking turns to hide the cubes, tell how many are missing and check your answers.

How many cubes
are behind my
back?

I think you have
___ cubes.

How many cubes
are behind my
back?

I think you have
___ cubes.
