

Is it Longer?

Materials: snap cubes, box of objects of various lengths

-
1. Make a stick of 10 snap cubes.
 2. Find an object in the box that is **longer** than your stick of snap cubes.
 3. Draw and label the object.
 4. Repeat until you have found three different objects that are longer than your stick of snap cubes.

The ___ is longer
than the stick of
10 cubes.

The ___ is longer
than the stick of
10 cubes.

The ___ is longer
than the stick of
10 cubes.

The ___ is longer
than the stick of
10 cubes.
