

Multiplication Race

Materials: game board, number cube, one counter for each player, calculator

1. Each player places a counter on the box marked 'Start'.
2. Take turns to roll a number cube and move forward that number of spaces along the path. Solve the multiplication problem you land on or follow the instruction you land on.
3. Partners use a calculator to check each other's work. A player who gives an incorrect product must miss a turn.
4. Continue until one player reaches the box marked 'End'.

Extension: Create your own Multiplication Race board and try it out with a partner.
