

Quadrilateral Hierarchy

Materials: rulers, quadrilateral cutouts (optional)

1. Using the terms in the word bank below draw a hierarchy to represent the relationships between different types of quadrilaterals.

WORD BANK:

Quadrilateral, Parallelogram, Non-Parallelogram,
Rectangle, Square, Rhombus, Trapezoid, Kite, Other

2. Draw, or paste, a quadrilateral under each term on your diagram.
3. Compare hierarchies with a partner. Use mathematical vocabulary and your knowledge of the properties of quadrilaterals to explain your reasoning
