**Teen Match**

**Materials:** numeral cards (11 – 19), dot cards (11 - 19)

1. Work with a partner. Place the dot and numeral cards face up on the table. Take turns to find two matching cards.

2. Write the number. Draw the dot card.

3. Draw a number bond and write two equations to match the cards.

4. Repeat with different pairs of matching cards.
