Ten Flashing Fireflies

Materials: copy of Ten Flashing Fireflies by Philemon Sturges

1. Listen to the story Ten Flashing Fireflies by Philemon Sturges.

2. Solve the following problem:

   How many different ways could ten fireflies be arranged with some in the jar and some in the night sky?

3. Count out ten fireflies. Put some fireflies inside the jar. Put some fireflies outside the jar.

4. Use pictures, numbers or words to show all the different ways ten fireflies could be arranged.
Cut out the fireflies.
