

Tens and Ones with Snap Cubes

Materials: snap cubes, numeral cards (11 – 19)

1. Work with a partner. Take turns to turn over a numeral card and model the number using a stick of 10 and single snap cubes.
2. Describe the number to your partner.
3. Represent the number by drawing the snap cubes and writing an equation.
4. Repeat with other teen numeral cards.

My number is ____.
____ = 10 + ____.

My number is ____.

$$\underline{\quad} = 10 + \underline{\quad}$$

My number is ____.

$$\underline{\quad} = 10 + \underline{\quad}$$

My number is ____.

$$\underline{\quad} = 10 + \underline{\quad}$$

My number is ____.

$$\underline{\quad} = 10 + \underline{\quad}$$
