

Time Barrier Game

Ver. 2

Materials: Barrier Game grid per player, divider

Number of Players: 2

1. Work with a partner. Sit side by side with a divider between you so that you cannot see each other's grid.
2. Player 1: Show different times to the nearest five minutes on the clocks on your grid without letting your partner see your work.
3. Player 1: Give clear instructions to your partner on how to complete his/her grid to match your grid. For example, you might say, "Show three twenty-five on the clock in the center of your grid."
4. Player 1: After you have given instructions on how to fill in all clocks on the grid remove the divider. Look closely at your two completed grids to see how closely they match. Discuss any differences.
5. Swap roles and play again.

Show _____ on the clock
in the center of your grid.

Show _____ on the clock
in above/below _____.

Show _____ on the clock
to the right of _____.

Show _____ on the clock
to the left of _____.
