

What's in the Bag?

Materials: gameboard for each player, paper bag containing 10-15 pattern blocks

1. Work with a partner. Take turns to put your hand into the paper bag, pull out a pattern block and color in a matching shape on your board.
2. Return the shape to the bag. Keep taking turns to pull out a shape until one player has completed a full column.
3. Talk to your partner about the shapes that you pulled out of the bag. Which shape did you pull out the most? Which shape did you pull out the least?

What's in the Bag?

trapezoid

square

rhombus

triangle

hexagon

The shape I pulled out
of the bag the most was

_____.

The shape I pulled out
of the bag the least was

_____.

I have more _____
than _____.

I pulled _____ out
of the bag.
